

## NEWS AND VIEWS...

### And What Have You

By BOB CRAIG

Hamlin voters will be voting in the newly re-aligned voting precincts this Saturday for the first time. And the easiest way to be sure you are voting in the right precinct is to look on your voting registration certificate you received just recently.

Most Hamlin voters will be voting in precinct 1 but some will be voting in precinct 14. For the most part, those who have voted in the West box in the past will continue to vote in this box or precinct 1 but many who voted in the East box in the past will now be voting in the West box as Hamlin has been split differently than it has been.

In a news story elsewhere in this issue we have tried to define these new boundaries as well as listing the polling places. But as we said above, if you will just look to see what precinct your certificate says you are in, it will be easier.

I hope that all of you that are going to Austin Friday have already voted because it is too late now to vote absentee. The only way left for you to vote is to get back here before 7 p.m. Saturday afternoon.

For what it's worth I am repeating our choices for some of the offices to be voted on Saturday. For governor we are supporting Dolph Briscoe for his second term and support Ray Farabee in his bid for the State Senate seat. For Representative we endorse Mike Young and for County Judge we support Leon Thurman.

While it does not change our views on the need for a change in representation in Austin we have learned since last week that Joe Bell is no longer on the state payroll as an aide for Elmer Martin. He was on the payroll for about three months and then resigned to work in Martin's campaign for re-election.

We understand that he is to be paid for his services by Elmer Martin's Campaign fund when the campaign is over.

As we have said many times in the past we don't care how you vote—just so you vote. As was demonstrated recently in Abilene when they came up with a tie for school trustee, every vote is important.

From what we can gather there will be a good crowd on hand in Austin Friday night when our Pipers go for their second consecutive State Track Championship. We know that all of the fans from this area that can not make it to Austin will be sending their best wishes for Coach Bill Grissom and his team members.

From talking to Melvin Scott of the telephone company here, we have learned that we are going to have to start dialing the full number on local calls. This is part of the change over to toll-free dialing between Stamford, Anson and Hamlin. But this part of the change will be made before the complete new system goes into effect.

We should be getting word on this any day now.

This of course, means that you will not be able to just dial the 6 but must dial 576 when placing your call.

Last week's issue of the Herald has to be termed a most unusual one in that we were privileged to break a major news story before the rumors of it were all over town. The story was the one about the change in ownership at the bank and for the most part the story was kept quiet until the paper was out.

While we were disappointed to learn that Leldon Clifton was getting out of the bank, we were very pleased to learn that the bank was being bought by local people. In this day of big city holding companies buying up banks around the state, it is good for Hamlin that our bank can

## ELECTION SATURDAY—

# Good Turnout Expected In Democratic Primary

Some Hamlin area voters will be voting in new voting precincts for the first time Saturday when they go to the polls in the Democratic Primary. The other Hamlin box will vote at the Jaycee Community Building and will be Voting Precinct 14 and Burnia Reid will be election judge.

The big change will be for voters living between the East side of North Central and NE Ave D. These people have voted in the East box in the past but will now be voting in the West or Box 1.

Democrats will be voting on candidates in contested races from the courthouse to the statehouse with four candidates seeking the first four-year governor's term. Running against Dolph Briscoe who is seeking his second term are Frances

Roy Thorn is being opposed for re-election as Jones County Clerk by Don Rose.

Homer Merriott and J. D. Hargrove are candidates for Jones County School Superintendent.

In a Referendum, voters are being asked to vote for or against the proposition calling for the next session of the Legislature to enact a law to permit pari-mutuel wagering on horse races by local option.

## '74 Rainfall Now Up to Normal Here

With the rain recorded in the past four days the average normal for this time of year has been reached, according to Bill Rountree, official gauger for Hamlin.

A trace was recorded at 5 p.m. Sunday, 1.56 for Monday, .02 for Tuesday and .24 Wednesday morning. The total of 1.82 for this period together with the 1.97 recorded last month helps to bring the rainfall to near normal which is 6 inches for this time of year.

# STATE REP. ELMER MARTIN HAS DONE THE JOB FOR US

## WE NEED TO RE-ELECT THIS EFFECTIVE LEGISLATOR TO KEEP UP THE GOOD WORK

### ELMER MARTIN IS THE ONLY SMALL TOWN, RURAL CANDIDATE

Elmer Martin Is One of Us — a small townner. He lives in Colorado City, earns his living from a small farm he owns and another he rents. Small towns and rural communities make up 75 per cent of our 5-county Legislative District 61 (Nolan, Fisher, Mitchell, Jones and Taylor). The other 25 per cent are from Abilene. Martin's 2 opponents live in Abilene, which already has a State Senator and one State Representative. Our small towns and agriculture communities need more voice in Austin, not less. We need more of Elmer Martin.

### ELMER MARTIN'S INTEGRITY BRINGS NEW RESPECT TO OUR DISTRICT

Elmer Martin is a breath of fresh air for the Texas Legislature. His lasting honesty and moral uprightness have brought new respect for the 61st Legislative District. When Elmer Martin's name is mentioned in our State Capitol, there is no doubt. He is respected. He is trusted. We need more of this old-fashioned goodness in government. That is why it is so important Saturday, May 4, in our Democratic Primary that we re-elect this State Representative who matches his honesty with hard work and dedicated effort.

### His Record Proves Rep. Martin One Of State's Most Effective Legislators

In his first term as State Representative for your 61st District, Elmer Martin passed more legislation than two-thirds of the entire House. Of the 77 first-term State Representatives, only 10 passed more legislation than Martin. In all,

Elmer Martin sponsored or carried 7 bills that were adopted into law. He sponsored an 8th bill adopted by the House and a 9th that was reported favorably out of committee but was caught by adjournment before vote.

#### NO NEW TAXES

Elmer Martin was a key supporter in hammering out the State's first no-new-tax budget in 13 years. All expenditures paid for on pay-as-you-go basis with a budget surplus.

#### BROUGHT REFORM

Elmer Martin was an advocate, supporter of entire government reform that brought us Ethics & Financial Disclosure, Open meetings, Campaign Disclosure, Access to Public Information, Laws against Bribery, Corruption.

#### VOCATIONAL EDUCATION

An advocate of more technical-vocational education and training, Elmer Martin sponsored the Appropriations Bill amendment that brought \$200,000 building funds for vital West Texas program at Sweetwater's Texas Technical Institute.

#### WON FOR CO-OPS

When the Federal Energy Office in Washington recently unjustly cutback gasoline and oil supplies for Texas rural electric co-ops as much as 20 per cent, Elmer Martin alone intervened for the co-ops. Result: the Energy Office backtracked, admitted error and all Texas co-ops were returned to original supply.

#### BLOCKED PUBLIC ACCESS

As member of Environmental Affairs Committee Elmer Martin helped block legislation that would have given the public right to cross privately owned cropland and pasture to reach scenic and environmental sites.

#### LOWEST SPENDER

Elmer Martin was one of 15 Legislators spending less than \$1,500 last fiscal year for office, travel and other expenses. The other 135 Legislators spent more ranging up to and above \$15,000.

#### AGRICULTURE LEADER

Elmer Martin is a leading capitol voice for Agriculture as member of important House Agriculture Committee and the special Sub-Committee studying the contracting of Texas cotton and grain.

#### TAX ACCORDING TO PRODUCTIVITY

Elmer Martin co-sponsored the Texas Constitutional proposal for taxing agricultural land in relation to land productive capacity. This has been approved on 2nd reading in the Convention.

#### PAY AS YOU GO

In his first term as State Representative Elmer Martin took with him to Austin his pay-as-you-go policy tested 12 years as County Judge of Mitchell County. His pay-as-you-go tenure brought road building and other improvements and left the County free of debt.

#### FAIR REPRESENTATION

Texas' metropolitan newspapers cited Elmer Martin when he was County Judge for being the pacesetter for all of Texas by leading Mitchell County in redistricting precincts.

**BE SURE YOU VOTE SATURDAY TO RE-ELECT STATE REP. ELMER MARTIN . . . HE IS HONESTLY GOOD FOR A SECOND TERM**

AARP to Hold Covered Dish Supper Today

The American Association of Retired Persons will meet at the Jaycee Building at 7 p.m. today (Thursday) for a covered dish supper.

A sing-song and games have been planned by the program committee.

Members and others are reminded that May has been designated and proclaimed by the President of the U. S. as being "Older Americans Month." This annual observance will help make all Americans aware of the contributions and the needs of the older citizens.

Today, in American society, the role of youth has been so magnified that the functions of maturity have often been ignored and sometimes despised.

Instead of dignity, which the older citizen has earned, there has often been desperation born of economic and psychological insecurity.

President Nixon told the closing session of the White House Conference on Aging in 1972: "Any action which enhances the dignity of older Americans enhances the dignity of all Americans for unless the American Dream comes true for our older generation, it cannot be complete for any generation."

The AARP is seeking to make this dream come true for the older American. It is an organization of older persons who believe in keeping alive their interests, in broadening their horizons and in maintaining the image of aging as one of growth and service.

## FROM THE FILES . . .

### FIFTY YEARS AGO (April 25, 1924)

Some people will be greatly surprised to see Hamlin's Recreation Park. It is now looking beautiful. There are 18 acres in the park. A first class ball park occupies a part of it. Then there are several acres of parking space, and still there are many beautiful trees and woodland lake space. The trees have been trimmed and pruned, and the grounds are clean covered with a new carpet of spring grass.

J. H. Fulford, Manager of the Hamlin Cotton Oil Mill Co. was a pleasant caller at the Herald Office, Monday, having some nice job work done. Mr. Fulford is very well pleased with his first year in the Oil Mill business in Hamlin. Mr. Fulford succeeded in getting the city of Hamlin to extend a six-inch water main to his plant. Now they have a reasonable insurance rate and are in a position to make permanent improvements.

The Herald is requested to say that the Hamlin Band and a number of the Anson and Stamford boys, under the direction of band master Cullum, will give a free band concert in Hamlin Recreation Park, this coming Sunday. The hours will be from five to six p.m. There will be at least forty pieces in this band and all lovers of music will enjoy the hour very much.

### TWENTY YEARS AGO (April 30, 1954)

Three judging teams from Hamlin High School chapter of Future Farmers of America will compete in state judging contests to be held at Texas A & M University on May 1 by virtue of their winning at the annual FFA contests Saturday at Lubbock.

The Hamlin livestock team placed fourth in the Area II contests and tenth in the entire contest. The dairy cattle team was the second high team in Holstein judging, third high team in Area II on dairy cattle judging and eighth high team in the entire contest. The poultry team placed third in the Area II division and eighth in the entire contest. With 100 teams competing in the dairy cattle judging contests, the Hamlin rating of second high place, third high and eighth high team is considered remarkable.

Little League baseball season will be officially recognized Saturday with public festivities downtown, although official play will not get underway until next Tuesday night, according to Dudley Griggs, president of the Hamlin Little League. Following the parade, at 7:30 p.m., a double-header

exhibition brace of games will be played at the City Park, which will be the site of all the regular season games on Tuesday and Friday nights.

All members of the Hamlin Public School faculty were re-elected for the 1954-55 school year at the Monday evening meeting of the Hamlin Board of trustees.

### TEN YEARS AGO (April 30, 1964)

Members of the local CB Radio Club were quick to respond to a call for help last Sunday afternoon when word was sent out that a boat with two persons aboard had capsized on the Hamlin West Lake. W. C. Hunter and his father of Northeast Hamlin were fishing from the small boat when high winds and rough water caused it to capsize. The elder Hunter swam to shore and drove to town for help while W. C. managed to hang on to the overturned boat. Eddie Connally and Johnny Overman, riding in Jones' boat, helped to pull the man from the water.

The date for the fifth annual "Parade of Music" by the Hamlin public school bands has been changed to May 5. The original date of May 8 conflicted with the state track meet in Austin therefore the change in date was made.

## And What Have You

Continued from page 1

remain under local control. And too, this means that most people will be able to continue to deal with the same folks that they have in the past.

Since Leldon moved to Hamlin just a few months after we moved here it will seem strange for us not to see him in the bank. He has not announced any plans for the future, therefore, we cannot congratulate him on his retirement or on his future plans. But, his work through the bank for the betterment of Hamlin will be missed.

At the same time we would like to welcome Sam Ferguson Jr. to the business community of Hamlin. Since Sam and his family have always been such a part of Hamlin it does seem strange to welcome him to town, but, while being an active part of Hamlin he has always worked in either Anson or Stamford. It will be nice to see more of him and we know that he will be happy working in Hamlin.

#### PSALM 23

David's confidence in God's grace.  
A Psalm of David.

THE LORD is my shepherd; I shall not want.

He maketh me to lie down in green pastures:

side the still waters: he leadeth me by paths of righteousness

for his name's sake: though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me; thy rod and thy staff, they comfort me.

Thou art my Father, my God, and my King.

How good is thy loving kindness, O Lord: how high are thy thoughts above all things: how precious are thy mercies, O Lord: how great is thy glory, O Lord.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## Right to Read Program Is Refunded

Hamlin Public Schools have been notified by the Texas Education Agency that the Right to Read program here has been re-funded for the 1974-75 school year.

The program is funded through Title III, Elementary and Secondary Education Act. Hamlin is due to receive \$10,000 for consultant fees and travel, teacher visitations, evaluation work and materials. Of this amount approximately \$4,000 will be earmarked for materials, according to Elementary Principal Larry Butler.

The program at this time is for students in Kindergarten through fifth grades.

A request for transfer of funds was granted on this year's program and some \$1,400 was made available for use in another area. Butler said that this will enable the school to purchase a comprehensive prescriptive teacher support system in reading, a high quality teaching aid.

**CONVENTION DELEGATES TO RETURN** — Delegates to the 1974 Constitutional Convention will resume their efforts to draft a revised document May 6, in Austin.

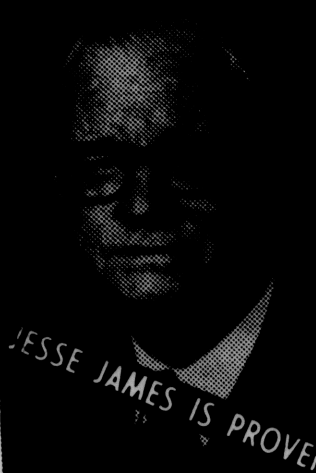

During the convention recess members of the Style and Drafting Committee have been meeting in Austin to polish language in the constitutional articles thus far tentatively approved.

Delegates have until July 31 to finish the constitutional rewrite. That's the date the convention automatically self-destructs.

## SHORT SNORTS

Texas Highway Patrolmen are having their gasoline problems too, but sufficient state funds are available to buy enough of the high priced fuel to get through this and next year.

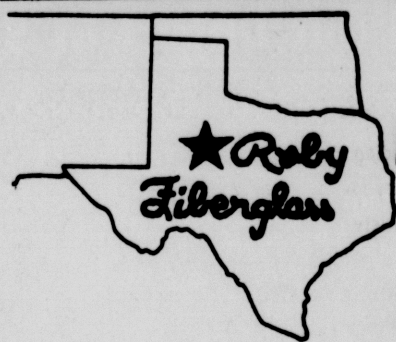

Wesley L. Hjernevik, former director of administration at the Manned Spacecraft Center in Houston, has joined the State Welfare Department as deputy commissioner for management.

Lloyd G. Wood of Edinburg has been named new president of The Lumbermen's Association of Texas.

Conditions of a road-improper drainage, obstruction, etc., may be considered a health nuisance if the conditions defined in the statute exist with reference to or because of the road or its maintenance. Atty. Gen. John Hill has ruled.

## A DEMOCRATIC CHAIRMAN SPEAKS OUT

### About Our District 61 State Representative's Race

Nolan County Democratic Chairman Ocie Hunt Is Concerned About the State Representative's Race For District 61. Following is the letter to Democratic Party Precinct Chairmen in the District's Five Counties of Mitchell, Nolan, Fisher, Jones and Taylor.

April 18, 1974

Dear Mr. Chairman:

Don't think I'm trying to help you run your business, or that I think you even need help. Furthermore, nobody asked me to write this letter. I just wanted to get something off my chest.

It's in regard to our State Representative of District 61.

This district is made up of these counties: Jones, Fisher, Nolan and Mitchell, and the rural part of Taylor. A slice of Abilene is also in this District 61, and it so happens that the biggest voting box is in the Abilene part. Of course, Abilene "doesn't have the remotest idea as to how this happened".

In taking a look at the district, it is obvious it is predominantly rural, and what we need is to always see that our representative comes from the rural counties - one who is interested in us, our rural development; one who "speaks our language", and one who savvies our needs.

Abilene has two candidates out for the job, and the only one from the rural sections is Elmer Martin, our present representative.

I know Elmer personally, and his outstanding qualifications are, he's honest and a hard worker - something that is unusual for politicians of these days. He's a hick like the rest of us, coming from a hick territory.

So, let's return Elmer to the post of District 61.

Get the word out to your voters. It's important.

Sincerely,

Ocie Hunt  
County Chairman

## Openings Exist At Texas Job Corps Centers Now

Young Hamlin residents are out of school and out of work can now receive occupational training and

basic education in Texas Job Corps Centers, according to John Daniel of the Texas Employment Commission in Abilene.

"Openings now exist at San Marcos and McKinney for persons 16-21 who need further training in order to get a good job," says Daniel, local employment office manager. "These openings are a result of a recent restriction of Texas Job Corps Centers to young persons from a five-state area."

The nation's largest center, Camp Gary for men in San Marcos, offers training in 34 vocational areas including building, automotive, heavy equipment, metal, medical, food service, and business trades. McKinney Center for women has six major training clusters, such as nursing and cosmetology.

All Job Corps members receive meals, housing, work clothes, medical care, and a living allowance. They also have the opportunity to complete their high school education.

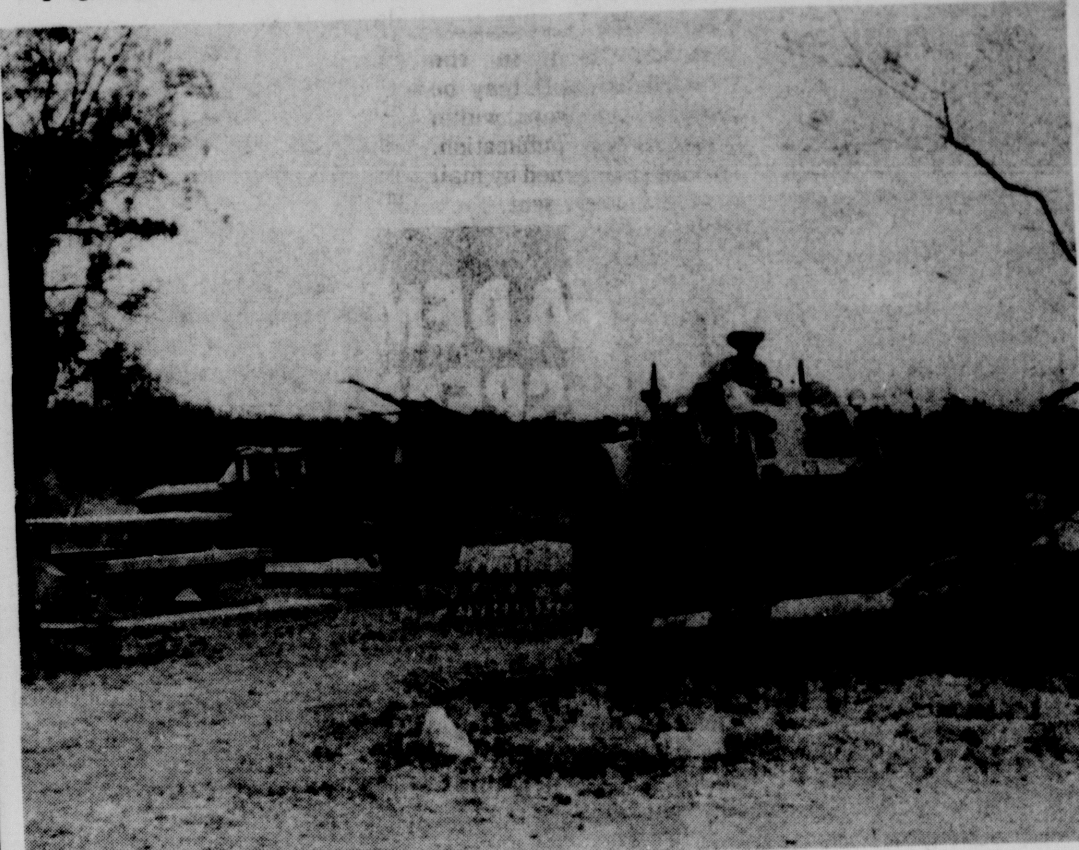

"The young person who has dropped out of school and cannot find a good job needs this kind of training. He must have it to make a decent living," Daniel says.

Persons wishing to take advantage of this program can make application by contacting the Job Corps Recruiter at 826 Hickory, or by calling 677-8135.

Job Corps is operated by the U. S. Department of Labor Manpower Administration.

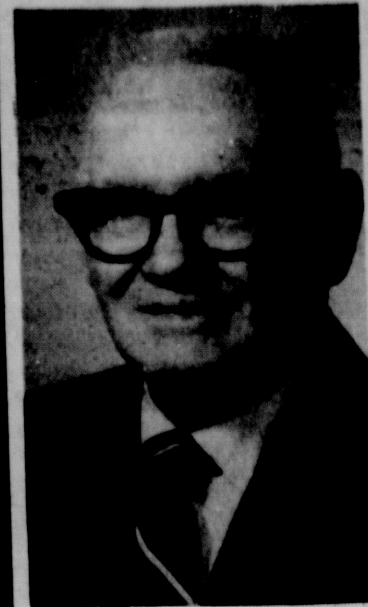

**FFA MEMBERS PLACE SIGNS**—Members of Hamlin Future Farmers of America prepared and placed signs at two entrances of Hamlin City Park to remind drivers to keep all vehicles on the designated roads. Upkeep of the City Park has placed a heavier than normal load on City employees because of damage caused from vehicles being driven over the park area. Damage to water hydrants, tables and other park equipment has been heavy.

**CITY CLEANS PARK**—City of Hamlin employees are shown while removing dead trees and dead branches at Hamlin City Park. The sanitation employees keep the grass mowed and have been extremely busy recently keeping the park clean and in good repair. Cooperation of each person who enters the park is needed in order to keep the recreational facility in good shape for all persons to enjoy it for picnics and outings. Concrete tables, barbecue grills and running water are furnished. Playground equipment includes slides, swings, see saws, croquet courts and Barrel of Fun.

# Herman Propst To Speak to Local Ag Club

## Neinda Philosopher Learns About New Economic Theories of Too Much Credit

Herman Propst, president of the Rolling Plains Cotton Growers Association, will speak to the Hamlin Ag Club at their first regular meeting Monday at 8 p.m. at the high school. He will talk about the Rolling Plains Cotton Growers Association and his recent trip to Japan and the Far East. Anyone interested in agriculture is invited to the meeting.

Anyone wanting to join the club will have a chance to do so at the business meeting following the talk.

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One gets all twisted up in economic theories this week, his letter indicates.

Dear editor:

A neighbor of mine who works all the time except when he's seeing a doctor about his ulcer brought me a newspaper clipping the other day and said, "Look at this."

The article reported on the plight of a young married couple which it said was typical of a lot of young people today. They're head over heels in debt despite the fact they make about \$12,000 to \$14,000 a year.

It went on to describe the situation. The couple needed a car so not having any cash on hand, borrowed \$500 from a loan company for the down payment and financed the rest in the regular way

through the car dealer. They bought gas with credit cards, and when a bank sent them a new-style credit card, they used that to buy other things, like a TV set, etc.

Anyway, they soon found out their monthly installment payments were almost equal to the husband's pay check.

Now what interests me about this is the husband's notion of where the blame lies.

"I'll take 10 per cent of the blame," he said, "but the stores and credit companies should take the rest because they never once turned me down even though they must

have known I was bumping my credit ceiling."

This is the kind of economic theory I've been looking for all my life. Up to now, if you hadn't paid your bill at a store, the store blamed you, when all the time it was the store's fault. Instead of sending nasty letters the store should have been getting them.

What this is I guess is a domestic adoption of our international economics policy. Internationally you know we've lent billions and billions of dollars to foreign countries and when the money comes due they've gotten madder and madder at us.

Everything is confusing. Right now we're trying to lend Egypt a lot of money to re-build the Suez canal and its bombed cities, and at the same time are lending Israel even more to replenish its military hardware which it used up fighting Egypt.

If my subscription the The Herald is past due, you know who's at fault.

Yours faithfully,  
J. A.

## See The Motorcycle ?

You may not find a motorcycle in this picture, but you'll find plenty of them on Texas' streets and highways.

The trouble is, not enough automobile drivers are seeing motorcycles when they should. Not until it's too late, anyway.

Maybe if motorcycles were as big as balloons, you'd be more careful when you see them. But nothing is bigger than human life. And that's what we're really asking you to look out for.

THE HAMLIN HERALD, HAMLIN, TEXAS, 79520  
CHECK-OFF PROGRAM—

# Area Pork Producers Vote On Referendum

Texas Pork producers will soon decide by referendum whether or not a check-off program will be begun for their commodity. The check-off is not to exceed 10 cents per head for all slaughter animals at the first point of sale.

Voting on the referendum will begin about May 1, with balloting done by mail. All ballots must be postmarked not later than May 14. Ballots will be sent to all producers by the Texas Pork Producers Association, points out Kirby Clayton, county agent for the Texas Agricultural Extension Service. Producers who do not receive a ballot may obtain one from the county Extension office.

In addition to voting on the referendum, producers will also be electing a board of directors from 15 districts which will be called the Texas Pork Producers Board.

If the referendum is ap-

proved, the board of directors will be responsible for handling all phases of the program. The money collected must be used only for developing and carrying out programs of research, education, promotion, and disease, insect and predatory animal control designed to encourage production, marketing and use of pork. Thus, the check-off system is a "self-help" program, explains Clayton.

The upcoming referendum is being conducted under the Texas Check-Off Act of 1969 and is under the supervision of the Texas Commissioner of Agriculture. Approval of the referendum requires a two-thirds vote in favor of the check-off or that those voting "yes" produce at least 50 percent of the state's pork for slaughter during a designated period. Producers must report their production at the time of balloting.

The Extension Service has conducted educational meetings in the past few months to inform producers about the provisions of the referendum and the Check-Off Act.

Producers who do not wish to contribute to the program through the check-off may ask for a refund on paid-in assessments. A written request must be made within 60 days from the date of the check-off payment on a form provided by the Pork Producers Board.

The check-off program may be terminated at any time by a simple majority vote of qualified producers, adds Clayton.

## Anson Schools Plan Office Practice Class

The Anson Public Schools Adult Education Program is currently making plans to offer an Office Practice Course next September if there is sufficient interest shown by area adults, according to Bill Walker, director of Adult Education.

The office practice course would offer training in typing, shorthand, bookkeeping and filing. The course would be open to all adults who have been out of school at least one year. Classes will be held in the evenings. A small tuition fee would be charged to cover equipment maintenance.

Walker said that it was important that interested adults contact him before May 1. He said sufficient interest must be shown before an application for state funds can be made.

Persons interested in taking such a course should contact Bill Walker, Director of Adult Education, at 915-823-3361, or at the Anson Ward School office at 1414 12th Street, Anson, Texas.

## Mrs. Glynn Lovvorn Candidate Makes Statement for District Clerk:

I am asking you, the citizens of Jones County, for your vote as new District Clerk.

My husband and I have been farmers in the Tuxedo community for 13 years and I have been a resident of Jones County for 25 years. This is our home and we plan to stay here. At present I am a bookkeeper at a drug store in Stamford and feel that this experience will enable me to better handle the many routine office problems I will encounter as District Clerk. At my age of 43 I feel that I am not too old to learn the ever changing role of a District Clerk, yet have had enough experience in my 25 years as a wife and mother to understand the problems and responsibilities which go along with any public office.

This job needs the cooperation among all who work in the court house and if elected I will do this job in a manner fair and impartial to all concerned. I fully realize that this job is an exacting position and will require much work and study, but I have always tried to carry my fair share of any load and I will work diligently at this, if elected.

I earnestly ask you for your vote at this time.

Respectfully,  
Mrs. Glynn (Lydia) Lovvorn

## NEWS AND VIEWS...

### And What Have You

By BOB CRAIG

Hamlin voters will be voting in the newly re-aligned voting precincts this Saturday for the first time. And the easiest way to be sure you are voting in the right precinct is to look on your voting registration certificate you received just recently.

Most Hamlin voters will be voting in precinct 1 but some will be voting in precinct 14. For the most part, those who have voted in the West box in the past will continue to vote in this box or precinct 1 but many who voted in the East box in the past will now be voting in the West box as Hamlin has been split differently than it has been.

In a news story elsewhere in this issue we have tried to define these new boundaries as well as listing the polling places. But as we said above, if you will just look to see what precinct your certificate says you are in, it will be easier.

I hope that all of you that are going to Austin Friday have already voted because it is too late now to vote absentee. The only way left for you to vote is to get back here before 7 p.m. Saturday afternoon.

For what it's worth I am repeating our choices for some of the offices to be voted on Saturday. For governor we are supporting Dolph Briscoe for his second term and support Ray Farabee in his bid for the State Senate seat. For Representative we endorse Mike Young and for County Judge we support Leon Thurman.

While it does not change our views on the need for a change in representation in Austin we have learned since last week that Joe Bell is no longer on the state payroll as an aide for Elmer Martin. He was on the payroll for about three months and then resigned to work in Martin's campaign for re-election.

We understand that he is to be paid for his services by Elmer Martin's Campaign fund when the campaign is over.

As we have said many times in the past we don't care how you vote—just so you vote. As was demonstrated recently in Abilene when they came up with a tie for school trustee, every vote is important.

From what we can gather there will be a good crowd on hand in Austin Friday night when our Pipers go for their second consecutive State Track Championship. We know that all of the fans from this area that can not make it to Austin will be sending their best wishes for Coach Bill Grissom and his team members.

From talking to Melvin Scott of the telephone company here, we have learned that we are going to have to start dialing the full number on local calls. This is part of the change over to toll-free dialing between Stamford, Anson and Hamlin. But this part of the change will be made before the complete new system goes into effect.

We should be getting word on this any day now.

This of course, means that you will not be able to just dial the 6 but must dial 576 when placing your call.

Last week's issue of the Herald has to be termed a most unusual one in that we were privileged to break a major news story before the rumors of it were all over town. The story was the one about the change in ownership at the bank and for the most part the story was kept quiet until the paper was out.

While we were disappointed to learn that Leldon Clifton was getting out of the bank, we were very pleased to learn that the bank was being bought by local people. In this day of big city holding companies buying up banks around the state, it is good for Hamlin that our bank can

**NEW RECREATION EQUIPMENT**—This elaborate slide of fiberglass and steel, installed by members of the CVAE class of Hamlin Public Schools, was made possible through an anonymous gift. The bright yellow slide has attracted a lot of youngsters of all ages. Some of the CVAE students who worked with the project are shown from left, upper section, Thomas Gonzalez, Pat Harper, Russell Smith and Ray Thompson; at ground level, Charles Brown, Stanley Jones, James Shelton, Robert Hernandez and Mac Lee.

## ELECTION SATURDAY—

# Good Turnout Expected In Democratic Primary

Some Hamlin area voters will be voting in new voting precincts for the first time Saturday when they go to the polls in the Democratic Primary. The bulk of Hamlin city voters will continue to vote at the high school building in what has long been known as the West box. This is Voting Precinct 1 and John Watts is the election judge.

The other Hamlin box will vote at the Jaycee Community Building and will be Voting Precinct 14 and Burnia Reid will be election judge.

The polls will open at 8 a.m. Saturday morning at both boxes and will close at 7 p.m.

Roughly the dividing lines for the two boxes will be everyone living South of SW 4th Street, including residents of Holiday Lodge, will vote in precinct 14 along with everyone living East of NE Ave D. The big change will be for voters living between the East side of North Central and NE Ave D. These people have voted in the East box in the past but will now be voting in the West or Box 1.

Democrats will be voting on candidates in contested races from the courthouse to the statehouse with four candidates seeking the first four-year governor's term. Running against Dolph Briscoe who is seeking his second term are Frances

Farenthold, W. H. Posey and Steve Alexander.

Jesse James is being opposed for re-election as State Treasurer by Donald Yarbrough. Seeking the office of Comptroller of Public Accounts are Bob Bullock and Hugh Edburg. John White is being opposed for re-election as Commissioner of Agriculture by Herbert Schroeder. Seeking to fill an unexpired term on the Railroad Commission are

## Oak Grove Sets Dinner

The Senior Mission of Oak Grove Baptist Church will sponsor a dinner to be held Saturday beginning at 6 p.m. in the Fellowship Hall. The price for the dinner will be \$2 per plate.

Menu will include fried chicken, black-eyed peas, okra or carrots, tossed salad, rolls, assorted pies, tea or coffee.

Maudie Paige is president of the Senior Mission.

## BAKE SALE

The Sound of Celebration will have a bake sale Saturday morning beginning at 9 a.m. in front of the old McDonald Building.

Proceeds from the sale will be used toward financing a trip for the youth choir in June.

Mack Wallace and C. A. Kelly.

At the District level, Ray Farabee and Charles Finnell are seeking the State Senate seat being vacated by Jack Hightower who is running for Congress. Two men are running against Elmer Martin in his bid for re-election as State Representative from District 61.

Getting closer to home, Mrs. Glynn Lovvorn is opposing W. L. "Poochey" McDonald for re-election as 104th District Clerk, Jones County. Three candidates are seeking the post of Jones County Judge. Seeking re-election is Leon Thurman and he is opposed by Roy Lane and Dave Reves.

Roy Thorn is being opposed for re-election as Jones County Clerk by Don Rose.

Homer Merriott and J. D. Hargrove are candidates for Jones County School Superintendent.

In a Referendum, voters are being asked to vote for or against the proposition calling for the next session of the Legislature to enact a law to permit pari-mutuel wagering on horse races by local option.

Both local voting precincts plan to hold Precinct Conventions at 2 p.m. Saturday to elect delegates to the County Convention to be held in Anson May 11.

As a recipient of this award one member of the Hamlin Student Council will be chosen to attend the national safety convention to be held at Miami University, Oxford, Ohio, July 14-17.

The student's expenses will be paid by the Texas Safety Council and they will be flown to Dallas and then to Ohio.

## To Dismiss

School will be dismissed at 12:30 p.m. Friday for the state track meet to be held in Austin that evening. Short class periods are scheduled.

The Pipers qualified six individuals in six individual events and two relays for a possible 100 points in the state meet. Their nearest competitor will be Refugio with seven individuals for a possible 64 points. Other teams and their point totals are Forney with 60, Seymour with 50, Freer with 50, Caldwell with 50, Kaufman with 40 and Round Rock with 38.

The Pipers will be returning to Austin to defend their title to three events from last year. Bill Cork won both the 440 and the high jump last year and Johnny Jones will be defending his title in the 100.

Rated as one of the most outstanding quartermilers in the state, Hamlin's Bill Cork will be making his third trip to the state meet and is qualified in the high jump, 440 and on both relay teams for a point possibility of 30. Also making his third trip to Austin will be David Willis who has qualified in both hurdle events and on the mile relay team.

Johnny Jones, the only junior on the team, will be making his second trip to the state meet and will be competing in the 100, the 220 and will be running on the 440 relay team. He won the 100 in 9.9 to win at regional but was clocked Saturday at Lubbock in 9.5 to finish third in a race with Class AAA and AAAA state qualifiers.

## '74 Rainfall Now Up to Normal Here

With the rain recorded in the past four days the average normal for this time of year has been reached, according to Bill Rountree, official gauger for Hamlin.

A trace was recorded at 5 p.m. Sunday, 1.56 for Monday, .02 for Tuesday and .24 Wednesday morning. The total of 1.82 for this period together with the 1.97 recorded last month helps to bring the rainfall to near normal which is 6 inches for this time of year.

team for the Pipers will be Albert McAfee, Johnny Jones, Alfred McAfee and Bill Cork. They won the regional title with a 42.9 and ran a 42.4 Saturday at Lubbock.

Running on the mile relay team will be Alfred McAfee, Ronnie Maberry, David Willis and Bill Cork. Their winning time at regional was 3:21.6.

David Willis qualified in the high hurdles with a 14.5 and in the 330 intermediates with a time of 39.6.

Bill Cork set a new record at regional as he qualified in the 440 with a time of 47.3. He won the high jump with a 6'2" jump and jumped 6'4" Saturday in Lubbock. His best jump of the year was 6'7".

Johnny Jones also qualified for the state meet in the 220 after placing second at regional with 22.1.

## Librarian Sought For Library Here

**THE REVELATIONS**—An evangelistic team from Coleman which includes, from left, seated, Sheila Parnell, Cynthia Carter; standing, Philip Parnell and Marvin Hale, will be in Calvary Missionary Baptist Church for a Hamlin revival. Friday and Saturday evening services will be at 8 o'clock. The services Sunday will be at regular times. # STATE REP. ELMER MARTIN HAS DONE THE JOB FOR US

## WE NEED TO RE-ELECT THIS EFFECTIVE LEGISLATOR TO KEEP UP THE GOOD WORK

### ELMER MARTIN IS THE ONLY SMALL TOWN, RURAL CANDIDATE

Elmer Martin is One of Us — a small townner. He lives in Colorado City, earns his living from a small farm he owns and another he rents. Small towns and rural communities make up 75 per cent of our 5-county Legislative District 61 (Nolan, Fisher, Mitchell, Jones and Taylor). The other 25 per cent are from Abilene. Martin's 2 opponents live in Abilene, which already has a State Senator and one State Representative. Our small towns and agriculture communities need more voice in Austin, not less. We need more of Elmer Martin.

### ELMER MARTIN'S INTEGRITY BRINGS NEW RESPECT TO OUR DISTRICT

Elmer Martin is a breath of fresh air for the Texas Legislature. His lasting honesty and moral uprightness have brought new respect for the 61st Legislative District. When Elmer Martin's name is mentioned in our State Capitol, there is no doubt. He is respected. He is trusted. We need more of this old-fashioned goodness in government. That is why it is so important Saturday, May 4, in our Democratic Primary that we re-elect this State Representative who matches his honesty with hard work and dedicated effort.

### His Record Proves Rep. Martin One Of State's Most Effective Legislators

In his first term as State Representative for your 61st District, Elmer Martin passed more legislation than two-thirds of the entire House. Of the 77 first-term State Representatives, only 10 passed more legislation than Martin. In all,

Elmer Martin sponsored or carried 7 bills that were adopted into law. He sponsored an 8th bill adopted by the House and a 9th that was reported favorably out of committee but was caught by adjournment before vote.

#### NO NEW TAXES

Elmer Martin was a key supporter in hammering out the State's first no-new-tax budget in 13 years. All expenditures paid for on pay-as-you-go basis with a budget surplus.

#### BROUGHT REFORM

Elmer Martin was an advocate, supporter of entire government reform that brought us Ethics & Financial Disclosure, Open meetings, Campaign Disclosure, Access to Public Information, Laws against Bribery, Corruption.

#### VOCATIONAL EDUCATION

An advocate of more technical-vocational education and training, Elmer Martin sponsored the Appropriations Bill amendment that brought \$200,000 building funds for vital West Texas program at Sweetwater's Texas Technical Institute.

#### WON FOR CO-OPS

When the Federal Energy Office in Washington recently unjustly cutback gasoline and oil supplies for Texas rural electric co-ops as much as 20 per cent, Elmer Martin alone intervened for the co-ops. Result: the Energy Office backtracked, admitted error and all Texas co-ops were returned to original supply.

#### BLOCKED PUBLIC ACCESS

As member of Environmental Affairs Committee Elmer Martin helped block legislation that would have given the public right to cross privately owned cropland and pasture to reach scenic and environmental sites.

#### LOWEST SPENDER

Elmer Martin was one of 15 Legislators spending less than \$1,500 last fiscal year for office, travel and other expenses. The other 135 Legislators spent more ranging up to and above \$15,000.

#### AGRICULTURE LEADER

Elmer Martin is a leading capitol voice for Agriculture as member of important House Agriculture Committee and the special Sub-Committee studying the contracting of Texas cotton and grain.

#### TAX ACCORDING TO PRODUCTIVITY

Elmer Martin co-sponsored the Texas Constitutional proposal for taxing agricultural land in relation to land productive capacity. This has been approved on 2nd reading in the Convention.

#### PAY AS YOU GO

In his first term as State Representative Elmer Martin took with him to Austin his pay-as-you-go policy tested 12 years as County Judge of Mitchell County. His pay-as-you-go tenure brought road building and other improvements and left the County free of debt.

#### FAIR REPRESENTATION

Texas' metropolitan newspapers cited Elmer Martin when he was County Judge for being the pacesetter for all of Texas by leading Mitchell County in redistricting precincts.

**BE SURE YOU VOTE SATURDAY TO RE-ELECT STATE REP. ELMER MARTIN . . . HE IS HONESTLY GOOD FOR A SECOND TERM**

## AARP to Hold Covered Dish Supper Today

The American Association of Retired Persons will meet at the Jaycee Building at 7 p.m. today (Thursday) for a covered dish supper.

A sing-song and games have been planned by the program committee.

Members and others are reminded that May has been designated and proclaimed by the President of the U. S. as being "Older Americans Month." This annual observance will help make all Americans aware of the contributions and the needs of the older citizens.

Today, in American society, the role of youth has been so magnified that the functions of maturity have often been ignored and sometimes despised.

Instead of dignity, which the older citizen has earned, there has often been desperation born of economic and psychological insecurity.

President Nixon told the closing session of the White House Conference on Aging in 1972: "Any action which enhances the dignity of older Americans enhances the dignity of all Americans for unless the American Dream comes true for our older generation, it cannot be complete for any generation."

The AARP is seeking to make this dream come true for the older American. It is an organization of older persons who believe in keeping alive their interests, in broadening their horizons and in maintaining the image of aging as one of growth and service.

FROM THE FILES . . .

FIFTY YEARS AGO  
(April 25, 1924)

Some people will be greatly surprised to see Hamlin's Recreation Park. It is now looking beautiful. There are 18 acres in the park. A first class ball park occupies a part of it. Then there are several acres of parking space, and still there are many beautiful trees and woodland lake space. The trees have been trimmed and pruned, and the grounds are clean covered with a new carpet of spring grass.

J. H. Fulford, Manager of the Hamlin Cotton Oil Mill Co. was a pleasant caller at the Herald Office, Monday, having some nice job work done. Mr. Fulford is very well pleased with his first year in the Oil Mill business in Hamlin. Mr. Fulford succeeded in getting the city of Hamlin to extend a six-inch water main to his plant. Now they have a reasonable insurance rate and are in a position to make permanent improvements.

The Herald is requested to say that the Hamlin Band and a number of the Anson and Stamford boys, under the direction of band master Cullum, will give a free band concert in Hamlin Recreation Park, this coming Sunday. The hours will be from five to six p.m. There will be at least forty pieces in this band and all lovers of music will enjoy the hour very much.

TWENTY YEARS AGO  
(April 30, 1954)

Three judging teams from Hamlin High School chapter of Future Farmers of America will compete in state judging contests to be held at Texas A & M University on May 1 by virtue of their winning at the annual FFA contests Saturday at Lubbock.

The Hamlin livestock team placed fourth in the Area II contests and tenth in the entire contest. The dairy cattle team was the second high team in Holstein judging, third high team in Area II on dairy cattle judging and eighth high team in the entire contest. The poultry team placed third in the Area II division and eighth in the entire contest. With 100 teams competing in the dairy cattle judging contests, the Hamlin rating of second high place, third high and eighth high team is considered remarkable.

Little League baseball season will be officially recognized Saturday with public festivities downtown, although official play will not get underway until next Tuesday night, according to Dudley Griggs, president of the Hamlin Little League. Following the parade, at 7:30 p.m., a double-header

exhibition brace of games will be played at the City Park, which will be the site of all the regular season games on Tuesday and Friday nights.

All members of the Hamlin Public School faculty were re-elected for the 1954-55 school year at the Monday evening meeting of the Hamlin Board of trustees.

TEN YEARS AGO  
(April 30, 1964)

Members of the local CB Radio Club were quick to respond to a call for help last Sunday afternoon when word was sent out that a boat with two persons aboard had capsized on the Hamlin West Lake. W. C. Hunter and his father of Northeast Hamlin were fishing from the small boat when high winds and rough water caused it to capsize. The elder Hunter swam to shore and drove to town for help while W. C. managed to hang on to the overturned boat. Eddie Connally and Johnny Overman, riding in Jones' boat, helped to pull the man from the water.

The date for the fifth annual "Parade of Music" by the Hamlin public school bands has been changed to May 5. The original date of May 8 conflicted with the state track meet in Austin therefore the change in date was made.

remain under local control. And too, this means that most people will be able to continue to deal with the same folks that they have in the past.

Since Leldon moved to Hamlin just a few months after we moved here it will seem strange for us not to see him in the bank. He has not announced any plans for the future, therefore, we cannot congratulate him on his retirement or on his future plans. But, his work through the bank for the betterment of Hamlin will be missed.

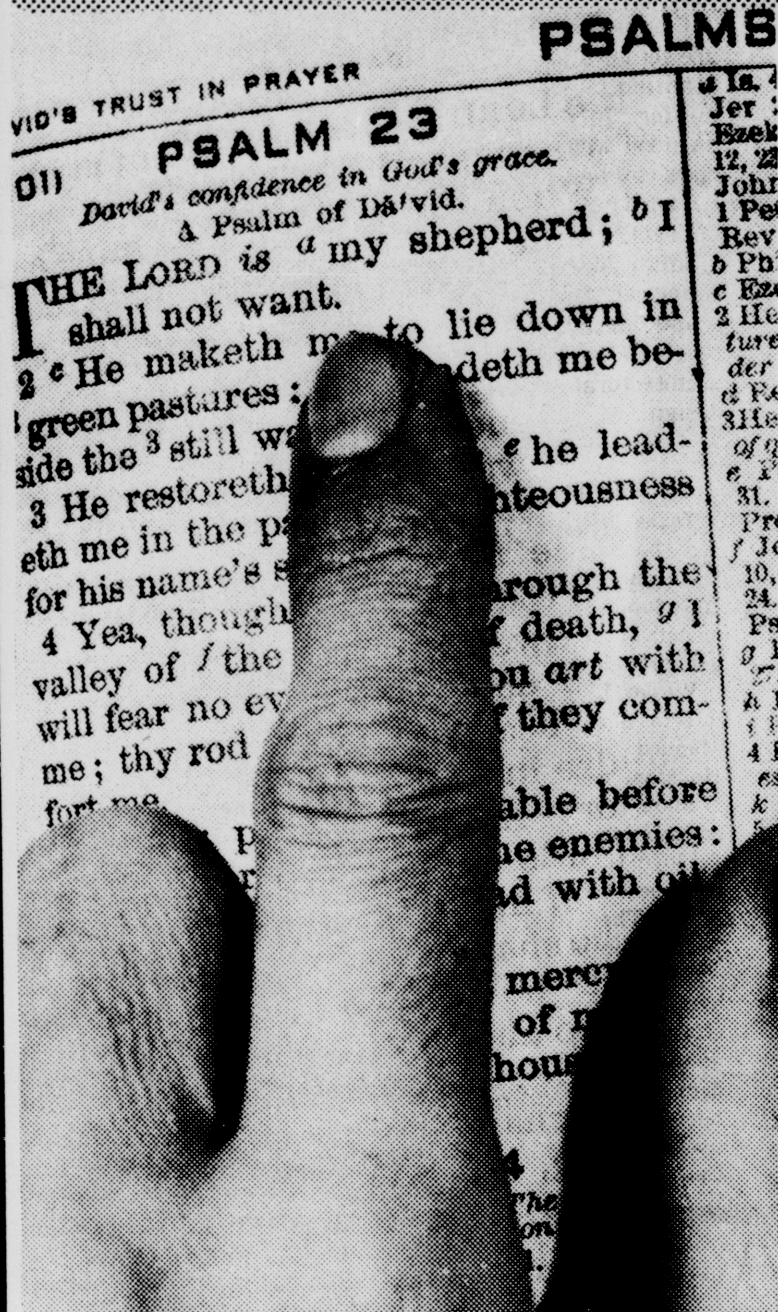

At the same time we would like to welcome Sam Ferguson Jr. to the business community of Hamlin. Since Sam and his family have always been such a part of Hamlin it does seem strange to welcome him to town, but, while being an active part of Hamlin he has always worked in either Anson or Stamford. It will be nice to see more of him and we know that he will be happy working in Hamlin.

Would you hire you?

Of course you would.  
You work hard. Care about what you do. And you know your job inside and out.  
That's what everybody says.  
And for most of us, it's true. But it's also true that we could all do better. Whether we're doctors or teachers, lathe operators or telephone operators, legislators or long-shoremen, bankers or union officials...every one of us.  
And we'll all have more to show for it.  
More money, for one thing. Because we'll be giving each other our money's worth for the products, the services and even the government we pay for.  
For another thing, we'll be giving America better ammunition to slug it out with our foreign competitors. Not just here. All around the world. That would help bring the lopsided balance of payments back onto our side. And help make your dollar worth more.  
Best of all, as we hit our stride, we'll be protecting jobs here at home. For ourselves and the future. And we'll have a deeper sense of pride in the jobs we've got. So maybe we'll find our work as fresh and challenging as it was the first day on the job.  
Which brings us back to the original question.  
Would you hire you?

**America. It only works as well as we do.**

The Lord is my shepherd

The 23rd Psalm is one of the most familiar chapters in the Bible. Early in life, most of us have committed it to memory. Every once in a while we should go back to these verses and think of the wonderful message of faith and trust in God that they reveal to us. They show us that we have a loving Father; one who will show us the right paths; one who will protect and provide for us. These scriptures end with a note of thanksgiving and a promise.  
"Surely goodness and mercy shall follow me all the days of my life: and I will dwell in the house of the Lord forever."  
Plan to start a regular worship in the Lord's house.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## Right to Read Program Is Refunded

Hamlin Public Schools have been notified by the Texas Education Agency that the Right to Read program here has been re-funded for the 1974-75 school year.

The program is funded through Title III, Elementary and Secondary Education Act. Hamlin is due to receive \$10,000 for consultant fees and travel, teacher visitations, evaluation work and materials. Of this amount approximately \$4,000 will be earmarked for materials, according to Elementary Principal Larry Butler.

The program at this time is for students in Kindergarten through fifth grades.

A request for transfer of funds was granted on this year's program and some \$1,400 was made available for use in another area. Butler said that this will enable the school to purchase a comprehensive prescriptive teacher support system in reading, a high quality teaching aid.

**CONVENTION DELEGATES TO RETURN** — Delegates to the 1974 Constitutional Convention will resume their efforts to draft a revised document May 6, in Austin.

During the convention recess members of the Style and Drafting Committee have been meeting in Austin to polish language in the constitutional articles thus far tentatively approved.

Delegates have until July 31 to finish the constitutional rewrite. That's the date the convention automatically self-destructs.

## Son of Local Couple Is Now Full Time Artist

Danny Gamble of Amarillo, son of Mr. and Mrs. A. L. Gamble, held his first one-man art show early this year at Sagebrush Galleries in Amarillo.

Formerly an instructor of art in the Amarillo Public School System, he recently began devoting full time to work in his studio. Painting became such a vital necessity, he says, that with the encouragement of his wife, Beth, he made the decision. He takes time out from his studio to conduct workshops and demonstrations and has been in great demand in the Southwest.

His two children, Michael and Renee, have become his critics, he said. "They are loud in their praise of a painting that they like and even louder in criticizing one they don't like."

Sometimes, the artist said, he'll put a scampering jackrabbit in one of his watercolors of the Southwest scene just to insure stamps of approval from his two young artistic observers.

Gamble has gained wide recognition for his portrayal of the rural scene.

The past year Gamble has been represented in art shows in Houston, Fort Worth, Dallas, El Paso, Oklahoma City, Colorado Springs and Aspen in Colorado and Ruidoso, N. M.

In only a few years, Gamble's paintings have been included in gallery exhibitions and private collections from coast to coast.

A native of Hollis, Okla., he studied at Southwestern State College under the direction of Richard Taflinger and Georgia Calvert.

## A DEMOCRATIC CHAIRMAN SPEAKS OUT

About Our District 61 State Representative's Race

Nolan County Democratic Chairman Ocie Hunt Is Concerned About the State Representative's Race For District 61. Following Is His Letter To Democratic Party Precinct Chairmen in the District's Five Counties of Mitchell, Nolan, Fisher, Jones and Taylor.

April 18, 1974

Dear Mr. Chairman:

Don't think I'm trying to help you run your business, or that I think you even need help. Furthermore, nobody asked me to write this letter. I just wanted to get something off my chest.

It's in regard to our State Representative of District 61.

This district is made up of these counties: Jones, Fisher, Nolan and Mitchell, and the rural part of Taylor. A slice of Abilene is also in this District 61, and it so happens that the biggest voting box is in the Abilene part. Of course, Abilene "doesn't" have the remotest idea as to how this happened."

In taking a look at the district, it is obvious it is predominantly rural, and what we need is to always see that our representative comes from the rural counties - one who is interested in us, our rural development; one who "speaks our language", and one who savvies our needs.

Abilene has two candidates out for the job, and the only one from the rural sections is Elmer Martin, our present representative.

I know Elmer personally, and his outstanding qualifications are, he's honest and a hard worker - something that is unusual for politicians of these days. He's a hick like the rest of us, coming from a hick territory.

So, let's return Elmer to the post of District 61.

Get the word out to your voters. It's important.

Sincerely,

Ocie Hunt  
County Chairman

## Openings Exist At Texas Job Corps Centers Now

Young Hamlin residents who are out of school and out of work can now receive occupational training and

basic education in Texas Job Corps Centers, according to John Daniel of the Texas Employment Commission in Abilene.

"Openings now exist at San Marcos and McKinney for persons 16-21 who need further training in order to get a good job," says Daniel, local employment office manager. "These openings are a result of a recent restriction of Texas Job Corps Centers to young persons from a five-state area."

The nation's largest center, Camp Gary for men in San Marcos, offers training in 34 vocational areas including building, automotive, heavy equipment, metal, medical, food service, and business trades. McKinney Center for women has six major training clusters, such as nursing and cosmetology.

All Job Corps members receive meals, housing, work clothes, medical care, and a living allowance. They also have the opportunity to complete their high school education.

"The young person who has dropped out of school and cannot find a good job needs this kind of training. He must have it to make a decent living," Daniel says.

Persons wishing to take advantage of this program can make application by contacting the Job Corps Recruiter at 826 Hickory, or by calling 677-8135.

Job Corps is operated by the U. S. Department of Labor Manpower Administration.

# Herman Propst To Speak to Local Ag Club

## Neinda Philosopher Learns About New Economic Theories of Too Much Credit

Herman Propst, president of the Rolling Plains Cotton Growers Association, will speak to the Hamlin Ag Club at their first regular meeting Monday at 8 p.m. at the high school. He will talk about the Rolling Plains Cotton Growers Association and his recent trip to Japan and the Far East. Anyone interested in agriculture is invited to the meeting.

Anyone wanting to join the club will have a chance to do so at the business meeting following the talk.

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One gets all twisted up in economic theories this week, his letter indicates.

Dear editor:

A neighbor of mine who works all the time except when he's seeing a doctor about his ulcer brought me a newspaper clipping the other day and said, "Look at this." The article reported on the plight of a young married couple which it said was typical of a lot of young people today. They're head over heels in debt despite the fact they make about \$12,000 to \$14,000 a year.

It went on to describe the situation. The couple needed a car so not having any cash on hand, borrowed \$500 from a loan company for the down payment and financed the rest in the regular way

through the car dealer. They bought gas with credit cards, and when a bank sent them a new-style credit card, they used that to buy other things, like a TV set, etc.

Anyway, they soon found out their monthly installment payments were almost equal to the husband's pay check.

Now what interests me about this is the husband's notion of where the blame lies.

"I'll take 10 per cent of the blame," he said, "but the stores and credit companies should take the rest because they never once turned me down even though they must

have known I was bumping my credit ceiling."

This is the kind of economic theory I've been looking for all my life. Up to now, if you hadn't paid your bill at a store, the store blamed you, when all the time it was the store's fault. Instead of sending nasty letters the store should have been getting them.

What this is I guess is a domestic adoption of our international economics policy. Internationally you know we've lent billions and billions of dollars to foreign countries and when the money comes due they've gotten madder and madder at us.

Everything is confusing. Right now we're trying to lend Egypt a lot of money to re-build the Suez canal and its bombed cities, and at the same time are lending Israel even more to replenish its military hardware which it used up fighting Egypt.

If my subscription The The Herald is past due, you know who's at fault.

Yours faithfully,  
J. A.

## See The Motorcycle ?

You may not find a motorcycle in this picture, but you'll find plenty of them on Texas' streets and highways.

The trouble is, not enough automobile drivers are seeing motorcycles when they should. Not until it's too late, anyway.

Maybe if motorcycles were as big as balloons, you'd be more careful when you see them. But nothing is bigger than human life. And that's what we're really asking you to look out for.

The Governor's Office of Traffic Safety

CHECK-OFF PROGRAM—

# Area Pork Producers Vote On Referendum

Texas Pork producers will soon decide by referendum whether or not a check-off program will be begun for their commodity. The check-off is not to exceed 10 cents per head for all slaughter animals at the first point of sale.

Voting on the referendum will begin about May 1, with balloting done by mail. All ballots must be postmarked not later than May 14. Ballots will be sent to all producers by the Texas Pork Producers Association, points out Kirby Clayton, county agent for the Texas Agricultural Extension Service. Producers who do not receive a ballot may obtain one from the county Extension office.

In addition to voting on the referendum, producers will also be electing a board of directors from 15 districts which will be called the Texas Pork Producers Board. If the referendum is ap-

proved, the board of directors will be responsible for handling all phases of the program. The money collected must be used only for developing and carrying out programs of research, education, promotion, and disease, insect and predatory animal control designed to encourage production, marketing and use of pork. Thus, the check-off system is a "self-help" program, explains Clayton.

The upcoming referendum is being conducted under the Texas Check-Off Act of 1969 and is under the supervision of the Texas Commissioner of Agriculture. Approval of the referendum requires a two-thirds vote in favor of the check-off or that those voting "yes" produce at least 50 percent of the state's pork for slaughter during a designated period. Producers must report their production at the time of balloting.

The Extension Service has conducted educational meetings in the past few months to inform producers about the provisions of the referendum and the Check-Off Act.

Producers who do not wish to contribute to the program through the check-off may ask for a refund on paid-in assessments. A written request must be made within 60 days from the date of the check-off payment on a form provided by the Pork Producers Board.

The check-off program may be terminated at any time by a simple majority vote of qualified producers, adds Clayton.

## Anson Schools Plan Office Practice Class

The Anson Public Schools Adult Education Program is currently making plans to offer an Office Practice Course next September if there is sufficient interest shown by area adults, according to Bill Walker, director of Adult Education.

The office practice course would offer training in typing, shorthand, bookkeeping and filing. The course would be open to all adults who have been out of school at least one year. Classes will be held in the evenings. A small tuition fee would be charged to cover equipment maintenance.

Walker said that it was important that interested adults contact him before May 1. He said sufficient interest must be shown before an application for state funds can be made.

Persons interested in taking such a course should contact Bill Walker, Director of Adult Education, at 915-823-3361, or at the Anson Ward School office at 1414 12th Street, Anson, Texas.

## Mrs. Glynn Lovvorn Candidate Makes Statement for District Clerk:

I am asking you, the citizens of Jones County, for your vote as new District Clerk.

My husband and I have been farmers in the Tuxedo community for 13 years and I have been a resident of Jones County for 25 years. This is our home and we plan to stay here. At present I am a bookkeeper at a drug store in Stamford and feel that this experience will enable me to better handle the many routine office problems I will encounter as District Clerk. At my age of 43 I feel that I am not too old to learn the ever changing role of a District Clerk, yet have had enough experience in my 25 years as a wife and mother to understand the problems and responsibilities which go along with any public office.

This job needs the cooperation among all who work in the court house and if elected I will do this job in a manner fair and impartial to all concerned. I fully realize that this job is an exacting position and will require much work and study, but I have always tried to carry my fair share of any load and I will work diligently at this, if elected.

I earnestly ask you for your vote at this time.

Respectfully,  
Mrs. Glynn (Lydia) Lovvorn
